NCDHHS Improving Mental Health Supports for Staff in Health Care Settings, Expanding to Support Staff in Child Care Centers

Raleigh, N.C.

Apr 28, 2020

The Hope4Healers Helpline (919-226-2002) is being expanded to support the staff who work in North Carolina's child care programs. Earlier this month, the North Carolina Department of Health and Human Services (NCDHHS) stood up Hope4Healers in partnership with the North Carolina Psychological Foundation to provide mental health and resilience supports throughout the state for health care professionals, other staff who work in health care settings, first responders and their families who are all experiencing stress from being on the front lines of the state's COVID-19 response.

"North Carolina's child care staff are the essential workforce supporting other essential personnel – working each day to provide safe, stable and nurturing care for children and families experiencing stress in their lives while coping with their own stress," said NCDHHS Chief Deputy Secretary Susan Gale Perry. "We want to make sure that they have access to the mental health and resilience supports they may need during this crisis."

Hope4Healers also is now equipped with 24/7 call line support, so callers can speak to a live person who will listen compassionately, offer emotional support and make connections, including referral for follow-up supports.

“It was critical that we stood up this important resource as quickly as possible,” said Deputy Secretary for Behavioral Health and Intellectual and Developmental Disabilities Kody Kinsley. “And we are excited to make more immediate human connections when people need help.”

Hope4Healers is still recruiting and onboarding additional licensed mental health volunteers to offer supportive brief therapeutic intervention. Volunteers must register through the NC Training, Exercise, and Response Management System (NC TERMS). The system can be accessed online at terms.ncem.org/TRS

(<https://ncdhhs.us4.list-manage.com/track/click?u=58ec19aaea4630b1baad0e5e4&id=e86e77a675&e=a522c33db6>) .

Volunteers must follow these steps:

- Create a personal profile in NC TERMS
- In NC TERMS, click ‘Join a Team’; select ‘ESF8 – Public Health and Medical Services’; then select ‘COVID 19 Medical Response Volunteers.’
- From there, select ‘Mental/Behavioral Health Personnel’ and click ‘Request Membership.’
- Volunteers will be contacted for follow-up once their licenses have been validated.

Additional resources and information on staying physically and mentally healthy can be found on the [Managing Your Overall Health \(/divisions/public-health/covid19/managing-your-overall-health\)](https://www.ncdhhs.gov/divisions/public-health/covid19/managing-your-overall-health) page on the NCDHHS COVID-19 website: [ncdhhs.gov/coronavirus \(/divisions/public-health/covid19\)](https://www.ncdhhs.gov/coronavirus(/divisions/public-health/covid19)).
